John - I sent this e-mail last week, urging Assistant Directors who had not responded to our request (by EC dated 6/19) for documents in response to the OIG's request to comply with our request. As of our deadline of 7/19, we have still not heard from the following entities.

In December of 2005, the OIG began a review of the FBI's utilization of certain authorities established or expanded pursuant to the USA PATRIOT Act, Public Law 107-56, as amended (Patriot Act). The OIG has made a number of requests for documents in support of their review including a request for information and/or documentation concerning FBI "reports, studies, evaluations, analyses, or surveys" on the effectiveness of NSLs as an investigative tool. replies concerning this request was sent on June 19, 2006 (66F-HQ-A1343477-0620- Serial 98) with a response deadline of June 29, 2006. To date your Division/Office has not responded to the Special Requests Response Unit as requested in the EC.

The Inspection Division is aware of the multiple requests which have been generated under this OIG review and recognizes the strain these requests have placed on the FBI divisions and offices which have been tasked with assisting in responding to the document demands, especially with the short deadlines imposed by the OIG. However, it is the FBI's responsibility to respond fully, accurately and within a reasonable time frame to requests from the OIG. Therefore it is imperative that each division and office make a good faith effort to respond to the demands placed upon them by this review.

I ask that you provide a response to the Inspection Division per the referenced June 19th EC by COB July 19, 2006 in order for the FBI to fully and accurately comply with the OIG's document demands in this matter.

Thanks for your personal attention to this matter.

Char Thornton
Assistant Director
Inspection Division
